SERVICE FOR EXHIBITORS

FOYER

We want to make the inaugural TransformIT Europe event accessible to all types and levels of companies. There will be no large scale stands in the exhibition area, and the cost of accommodation in Brussels will be competitively priced. We are creating a cross sector meeting place and green tech marketplace together in one hall. A business event focused on learning, sharing knowledge, and creating business opportunities with GreenTech.

1
exhibit
space
only
(for individual
construction
from exhibitor)

no. 2-5 = space + construction + furniture included
