

European GreenTech Conference

06-07 MAY 2025 • BRUSSELS EXPO

**Accelerating Digital Transformation
and Sustainability to tackle the
climate crisis**

ICT is the most effective enabler of a climate-neutral world.

Transform IT Europe delivers intelligent solutions across the entire spectrum of Government and Business.

TransformIT Europe –

THE platform for smart technologies aligned with EU regulations to accelerate their time to market.

TransformIT Europe supports the EU Green Deal and Digital Transformation.

TransformIT Europe offers a Podium to the next generation.

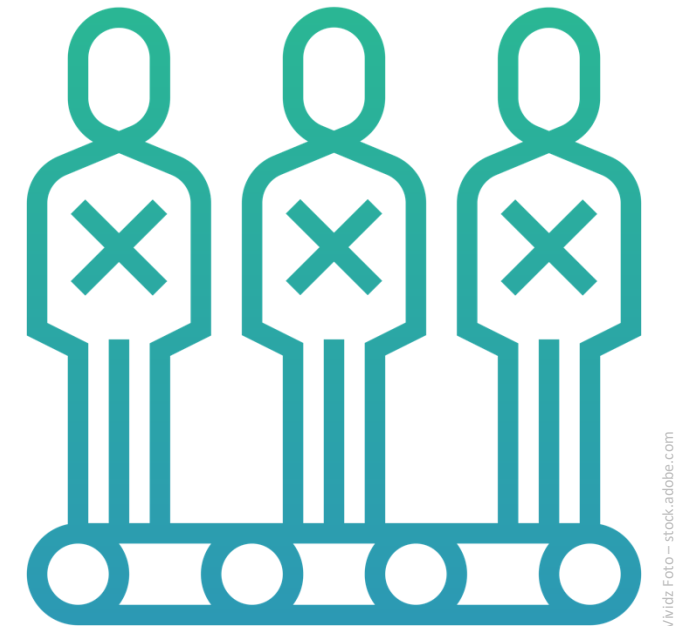

The completely underestimated ICT skills of the generation that has grown up with computers and smartphones can be seen as
THE POTENTIAL FOR THE FUTURE.

Skills Shortage

One of the biggest obstacles to sustainable change is the lack of skilled labour.

Prepare for the clean energy era – upgrade your workforce. TransformIT Europe is the meeting place for forward-thinking HR professionals and recruiters.

NETWORKED DIGITALISATION accelerates ESG development

TransformIT Europe links the digital world with industrial solutions to decarbonize the economy.

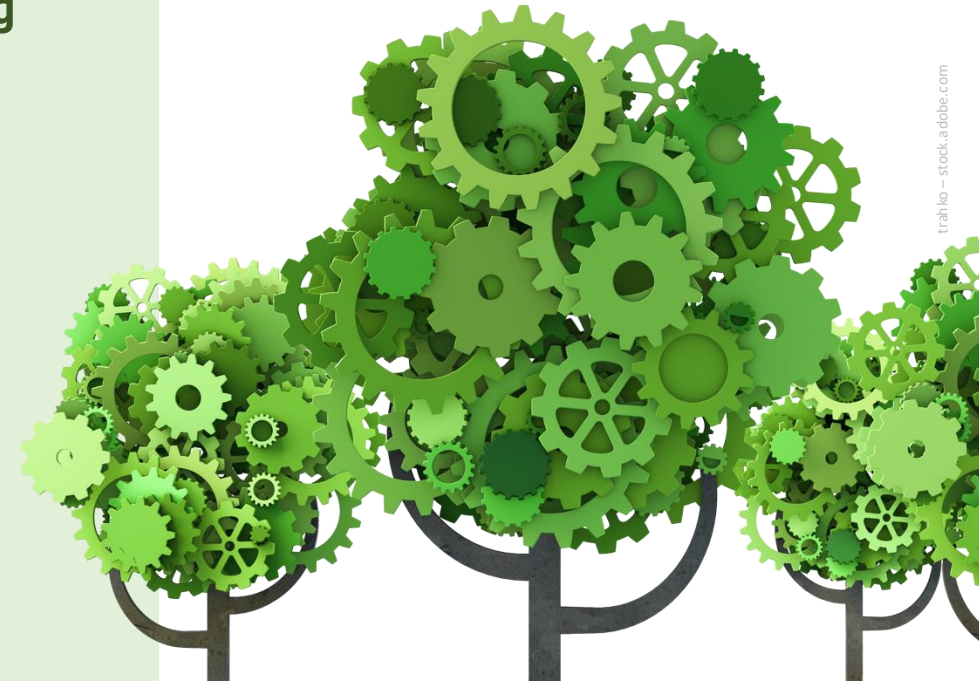

TransformIT Focus: Accelerate Tech

- GreenTech
- Clean Energy
- Smart Grid Tech
- New Materials
- Recycling Technologies

- Sustainable Agriculture
- Sustainable Textiles
- Regenerative Agriculture
- Smart Management

- Zero-emission Manufacturing
- Managing Automation
- Transport and Logistics
- Supply Chain Management
- And more

TransformIT Focus: Energize Healthcare

- Medical Devices
- Diagnostics
- Research & Development
- Patient Treatment and Monitoring

- Imaging
- E-Health
- Manufacturing
- Green Bio Tech

- Healthy Lifestyle
- MedTech
- Healthcare IT
- Cell and Gene Therapy

TransformIT Focus: Infrastructure

- 5G
- AI
- Cloud Infrastructure
- IoT
- Big Data

- Mobility
- Smart Supply Chain
- Property Technology
- Retail

- FinTech
- Smart Home
- Smart Utility Networks
- Smart Urban Environment

EU Regulations/ Company Mandatory Reports

From 2025, all companies in the EU with more than 500 employees will be obliged to submit an annual mandatory report on the status quo of their emissions and the environmental impact of their company to the tax authorities.

From 2028, this will apply to all companies with 10 or more employees (regulations and directives under the European Green Deal, ESG, CSRD, ESRS, SFDR and the EU Taxonomy Regulation).

The main objective of TransformIT Europe is to support the millions of companies in the EU on their path to climate neutrality in 2050.

A New Role for IT System Houses?

IT system houses have the opportunity to position themselves as ESG consultants.

Companies in all sectors and government clients increasingly need support to achieve their sustainability goals. The systems house is in an interesting position to provide expertise and solutions to support their work. The system houses can implement IT-driven solution structures towards climate neutrality in the companies (in accordance with ESG/CSRD).

Exhibitor Categories at TransformIT Europe include:

- EU Pavilion: Information exchange on ESG & CSRD
- National Pavilions
- Sustainability consulting and services providers for corporate, tax and business consultancies
- Clean energies including hydrogen, wind and solar
- Sustainable IT
- Cybersecurity
- Environmentally friendly & alternative materials
- Smart Building & Smart Cities
- Mobility
- Carbon capture technologies
- Carbon reduction solutions
- Refurbished devices, Circular economy
- Biotechnologies, agriculture, nutrition
- Healthcare facilities
- Chemical industry
- IIOT / IoT / M2M / AI for Manufacturing & Energy Efficiency
- Digital Twin
- Green Data Center

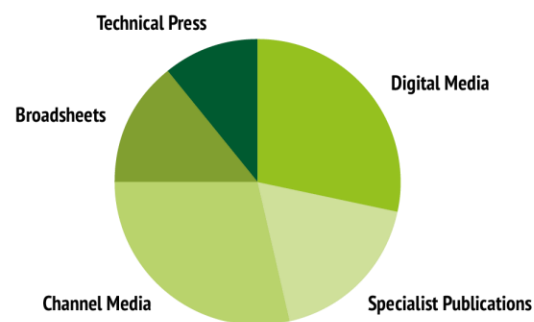

TransformIT Europe Visitors include:

- Decision-makers for sustainable development from industry, trade and public authorities
- Distributors and ICT system house buyers and resellers as well as professional applications
- Telecommunications service providers & system integrators
- Public authorities, EU
- Tax consultants, auditors, business analysts, futurologists
- Material management experts, supply chain & repair
- IT managers from all companies and authorities
- Building technology planners, architects, construction industry
- School and university students: individuals and groups
- Job seekers for IT, digitalization and sustainability sectors
- ESG and sustainability recruitment companies
- General and specialist press

Media Support & Partnerships

TransformIT Europe will cooperate with a broad selection of press titles, digital media and social influencers to support the event's purpose of accelerating the understanding and adoption of ESG & CSRD related practices and policies. Our media team is in discussion with a number of publishers. Please contact **Eric Dauchy** for more info.

Media Breakdown

Specialist Media by Category

Media Reach

10 million Estimated viewing reach

100 Journalists & Media Professionals

30+ European Countries Covered

15 Media Partners

The Role of Europe`s Associations

The road to net zero is a complex challenge. Collaboration is a key, and we believe that the many associations across Europe have a critical role to play in the drive towards carbon neutrality. Their work, purpose and passion brings together industry stakeholders, businesses and organisations with a common goal.

TransformIT Europe will develop strategic partnerships with in-country and pan european associations to foster ideas on transformation strategies and accelerate discussions on how best to develop and adapt to incoming legislation.

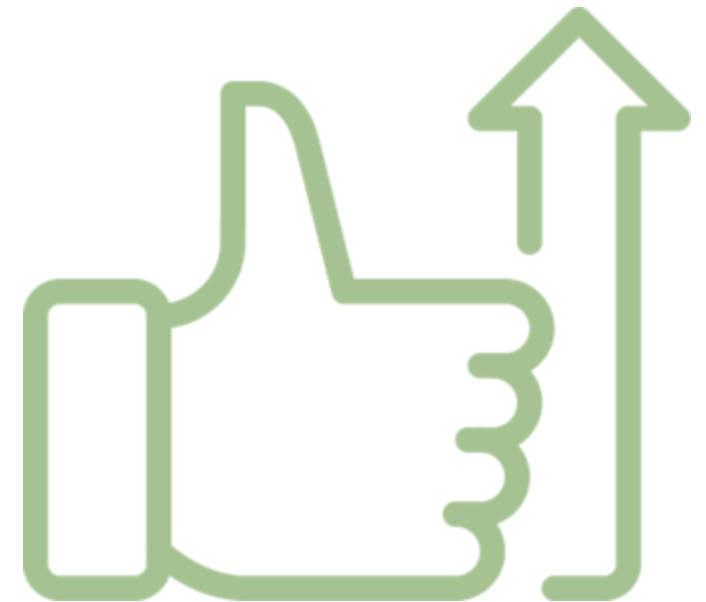

An active role. With Brussels already an important hub for influential associations and ESG policy advocates, we will partner with a select number of organisations in line with our event objectives, to facilitate working groups, debates and panel discussions so expertise can be shared and ideas formed to further the development and implementation of key ESG and CSRD policies and processes.

Concept Approval by Industry

Feedback on the "TransformIT Europe" concept:

In a detailed (personal) survey, over 1,000 business and government leaders in Europe confirmed to support TransformIT Europe

TransformIT Europe Schedule

Sponsor Levels | Benefits

Why Brussels?

Brussels is the natural choice. A neutral location at the heart of Europe where political and business leaders come together. A place where industries from all EU countries can feel equally at home.

TransformIT Europe is the **transformation platform for EU regulations** set by the EU Commission.

Brussels has **all the logistical resources** to organise Europe's transformation fair.

TransformIT Europe Advisory Board – Shaping the Future Together

TransformIT Europe: More than a trade show – a movement!

The new TransformIT Advisory Board brings together leading minds from business, science and politics to actively shape Europe's sustainable future. Together, we are setting the economic and technological course for a green transformation.

Why an Advisory Board?

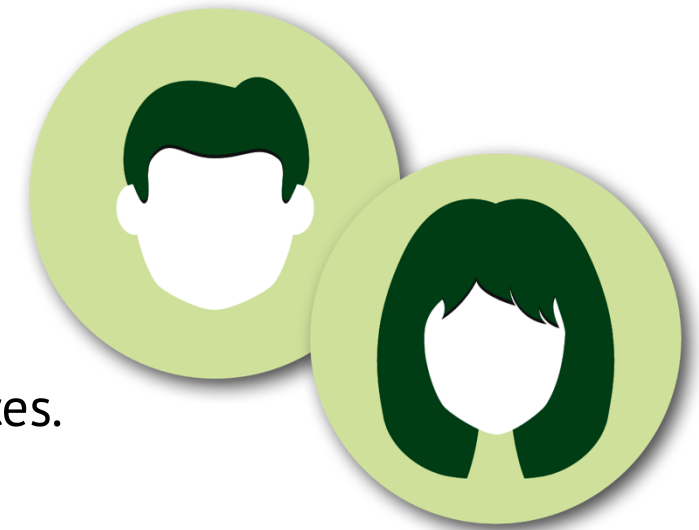

Climate neutrality and digital transformation require decisive action. Our panel of experts strengthens the GreenTech market in a targeted manner and plays a strategic role in shaping TransformIT Europe 2026.

TransformIT Europe Advisory Board – Who Should Join?

We are looking for **C-level experts** from the following fields:

- **Climate Research & Science**
 - to translate the latest findings into economic solutions.
- **Representatives of the EU Commission**
 - to enhance the harmonization of regulations and market practices.
- **Companies & Industry Experts**
 - to ensure economic innovation and practical relevance.
- **Institutions & Sustainability Organizations**
 - to foster cross-sector collaboration.

TransformIT Europe Advisory Board – Next Steps:

The Advisory Board will be officially launched during the **TransformIT Springboard Event on May 6–7, 2025, in Brussels**. The first constitutive meeting will take place shortly after the event.

Be part of this initiative and actively shape the future of Europe's leading sustainability fair!
